CHITOSE

C H I T O S E

2023 Spring & Summer

For the 2023 SS, CHITOSE proposes a modern and artistic fashion style incorporating three original artworks created by CHITOSE. The theme of each artwork is based on the emotions of "Synesthesia", "Fluid", and "WABISABI".

Under the theme of "Beyond Clothing," we propose clothes that focus on an artistic worldview and create original emotions that only humans can understand.
